

usina.Usina.getTurbinas

tcc.Simulacao.main

```
graph RL; A[tcc.Simulacao.main] --> B[usina.Usina.getTurbinas];
```

The diagram illustrates a method call. A blue arrow points from the box on the right to the box on the left. The box on the right is white with a black border and contains the text 'tcc.Simulacao.main'. The box on the left is gray with a black border and contains the text 'usina.Usina.getTurbinas'.
